SUBJECT: **FUNDING AUGMENTATION FOR VARIOUS PROVIDERS TO PROVIDE  
METHAMPHETAMINE-SPECIFIC TREATMENT STRATEGIES AND  
EVALUATION SERVICES OF THE PROGRAMS SELECTED FOR THE  
PROJECT**

This is to inform you that we plan to implement the adjustments and reallocations provisions of our agreements with various outpatient and residential drug and alcohol treatment providers and an evaluation services provider using the delegated authority granted by the Board on May 30, 2006 and May 29, 2007. This provision allows the Director of Public Health or his authorized designee to augment funds up to 25 percent of the contract's budget.

Funding for this augmentation was provided by Third District discretionary funds.

I am recommending these funding augmentations to enable the agencies to provide methamphetamine-specific treatment services. We are also providing funding to The Regents of the University of California, Los Angeles for evaluation services of the programs we have selected for the Methamphetamine project.

Attachment 1 provides a description of the services affected by these amendments, and Attachment 2 provides a listing of agencies' current and proposed funding amounts.

If you have any questions or need additional information, please let me know.
